-----Graphic Design
-----& much more

ABOUT THE OWNER

Hadassah Noel

My name is Hadassah Noel and I am the driving force behind Cheers Visual Communications and my faith in my Lord and Saviour Jesus Christ, is the driving force behind me.

In a world where 50% of marriages end up in the divorce courts and a lifelong commitment to a purpose higher than oneself seems difficult

or unnecessary, I find myself in favor of tradition. I believe in the promises: till death do us part, in sickness and in health, for better or for worse. Wedding Photography is more than just a job for me. It's a passion! I applaud the momentous decision that couples take and one of my greatest joys, is sharing in that new beginning for another cycle in life. Getting married means you believe in something more than yourself and for me it's a sacred responsibility and a great honour to capture the heart and soul of your wedding.

MORE INFO

All our wedding photography packages include coverage from the brides dressing to the reception. We prepare for our wedding coverage by performing site visits, testing lighting and gathering extensive info about your bridal party, your programme and other details, to be as ready as we can to capture your special day professionally and beautifully.

We also understand that each couple is different. We recommend that couples have engagement sessions before their wedding, for more natural chemistry between photographer and the couple. We encourage you to book as early as possible to benefit from our early bird payment plans.

\$8500

A romantic wedding photograph of a bride and groom. The bride, on the left, has dark hair styled in waves and is wearing a white lace wedding dress with a veil. The groom, on the right, is wearing a light blue suit and is kissing the bride on the cheek. They are holding a large, ornate white lace umbrella over them. The background is a soft-focus green garden.
